

JCHS – Create videos for Blackboard with YouTube

1. Login to [YouTube](#) using your Google account. If you do not have a Google account, create one [here](#).

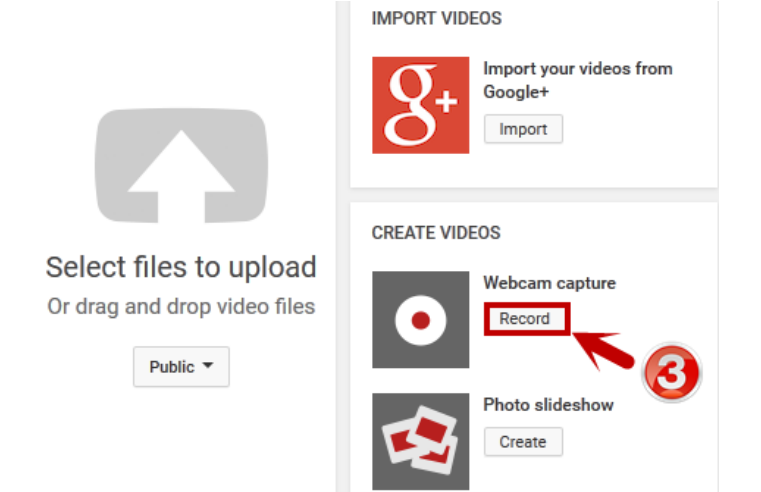

2. Click "Upload".

3. Under *Webcam Capture* on the right, click "Record".

Make sure that you have a webcam and headset with microphone plugged into your computer and ready to go.

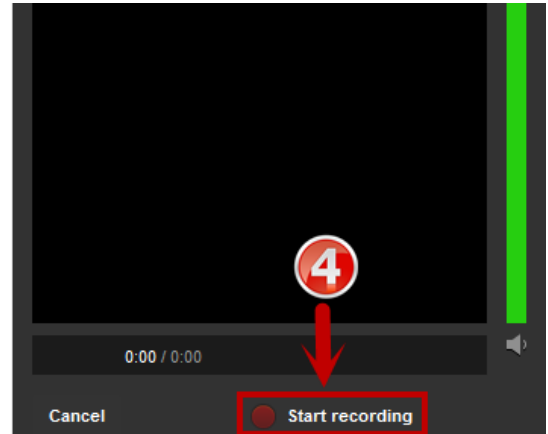

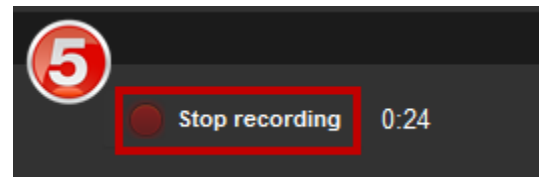

4. Click "Start Recording".

If prompted with Adobe Flash Player Settings, choose "Allow" and "Remember". Then, click "Close".

Begin recording your video.

5. When you are finished, click "Stop Recording".

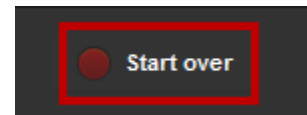

6. Play the video back and make sure that you are happy with it.

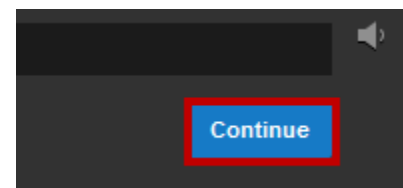

If you need to start over, click "Start Over" and record the video again.

If you are finished, click "Continue".

If you wish to record the video over again, click:

If you are finished, click:

7. Give the recording a title.

A description can be added here as well if you wish.

Webcam video from May 22, 2015 02:55 PM (UTC)
